

SANITARY SOLUTION

Dekkson expanding into the sanitation field by offering quality products that provide solutions for your bathroom and sanitation needs

INTRODUCTION

Dekkson is a brand that has successfully become a star brand in the field of door and window accessories. It has won global awards as a testament to its dedication to quality. For now, Dekkson has expanded its market by entering the sanitary industry. The brand always delivers perfect designs with technology, combined with modern concepts, and continuously innovates and breaks through while paying attention to details in every product. Dekkson, in line with its vision, provides the best quality to offer comfort and convenience in household activities. The brand also serves as a solution, providing a one-stop bathroom solution for every home.

In the future, Dekkson will continue to enhance research and development to create luxury products with various technological advancements in the sanitary field. This will provide the best experience in every detail of the customer's bathroom. Dekkson will continue to contribute in every market segment by developing opportunities to become a leading brand in the sanitary industry. Currently, Dekkson will continue to dedicate itself to providing various "Flourishing" experiences in every home, especially in the bathroom. Various products will have high-quality materials to ensure durability and corrosion resistance, while also offering leading functions in their field.

The image shows a contemporary bathroom interior. On the left, a white wall-hung toilet is visible. The main area is a walk-in shower enclosed by a glass partition. The shower features a large, circular rainfall showerhead mounted on a chrome rail. The walls are covered in large, light-colored tiles with a grey veined marble pattern. A chrome towel rack with folded towels is mounted on the wall. A small shelf with toiletries is also visible. The floor has a dark, geometric pattern. Two recessed ceiling lights provide illumination.

SHOWER

The perfect combination of elegance and practicality in every stream of water allows you to enjoy the ultimate bathroom experience. It has two temperature settings for warm and cold water. Equipped with a silicone nozzle that is easy to clean, it makes every shower exceptional.

FEATURES

QUALITY ASSURANCE 

Berhasil diuji secara teknis sehingga produk aman dan tahan lama untuk digunakan

HOT & COLD WATER MODE 

Terdapat 2 mode penggunaan keran yaitu air panas dan dingin

PREMIUM BRASS MATERIAL 

Shower Body fitting selang menggunakan materi Premium Brass, tahan karat dan tahan korosi

PLATINUM SHIELD 

Teknologi Electroplating ekstra tebal dan melewati tes air asam selama 48 jam dan air asin selama 200 jam

DURA ABS 

Rain Shower, Hand Shower dan Holder menggunakan bahan ABS premium ekstra tebal, anti keropos, padat & keras

EASY CLEAN 

Dilengkapi dengan nozzel silicone yang mudah dibersihkan

DIAMOND HOSE 

Menggunakan PVC Premium 5 lapis, melewati tes tekanan air sampai dengan 25 Bar dan melebihi 200.000 kali klik

SELF CLEANING NOZZLE 

49 Micro Darts untuk membersihkan debu dan kotoran dari nozzles yang tersumbat sehingga tekanan air menjadi stabil

A photograph of a modern bathroom interior. In the foreground, a square, dark-colored floor drain is set into a light-colored, textured floor. To the left of the drain is a large, dark, smooth rock. To the right of the drain is a white ceramic pot containing a lush green plant with large, glossy leaves. The background features a large window with a black frame, looking out onto a green landscape and a body of water. The wall to the right of the window is white with a rough, textured finish. The overall scene is brightly lit, with shadows cast on the floor and wall.

FLOOR DRAIN

The innovative technology will bring you into a clean bathroom. A floor drain that is insect proof. You don't need to worry, it is resistant to corrosion and rust. It can maximize the appearance of your bathroom.

FEATURES

ODORLESS

Menghentikan bau dari saluran pipa pembuangan

ANTI INSECT

Mencegah masuknya serangga dari saluran pipa

FLOOD RESISTANT

Tidak menimbulkan genangan air sehingga lantai lebih bersih

NEODYMIUM MAGNETIC VALVE

Menggunakan valve dengan magnet neodymium, valve selalu tertutup dengan rapat

CORROSION RESISTANT

Permukaan yang tebal dan kuat, tidak mudah berkarat dan oksidasi

PREMIUM BRASS MATERIAL

Menggunakan Premium Brass yang tahan korosi dan tahan karat

HIGH QUALITY STAINLESS STEEL

Menggunakan stainless steel berkualitas tinggi anti bakteri dan food grade
